# Cheers to the honorees

Travelers is pleased to sponsor the English Ball. We celebrate St. George's Society of New York and the distinguished 2021 honorees. We admire your shared commitment and dedication to demonstrating care through service to your communities. We recognize, support and applaud your efforts. Well done!

Dear Members and Friends,

It gives me great pleasure to welcome you to St. George's Society of New York's 2021 English Ball honoring Sir Rocco Forte, Paula Kerr-Jarrett and John Shannon.

For over 250 years, the Society has dedicated itself to improving the lives of people in need, assisting thousands of individuals of British and Commonwealth descent in the New York area. Our charitable programs have a major impact on the local community by protecting the elderly at risk of homelessness, helping low-income students to attain a college degree and providing a support network for families affected by pediatric cancer. Whilst our assistance has taken many forms over the years, our fundamental purpose remains constant: we are people helping people.

Last year, St. George's Society of New York celebrated our 250th anniversary. While it was not the celebratory year we expected, our community stepped up and proved that our mission and commitment are as strong as ever.

The Society depends heavily on funds raised from this evening's gala to sustain and expand its charitable endeavors, so I would like to thank you all for supporting this very special event. I especially wish to express my appreciation to our distinguished honorees.

Thank you once again for joining us. I hope you enjoy the evening.

Sincerely,

Frank E. Morgan II  
President

### CELEBRATING THE ST. GEORGE'S SOCIETY OF NEW YORK COMMUNITY

We welcome rising star mezzo-soprano Sarah Rose Taylor who joins the Saint Thomas Choir of Men and Boys and New York Baroque Incorporated in a program of heroic music by Handel and Purcell centered around the four Coronation Anthems. *Ladies and Gentlemen,*

It gives me great pleasure to once again, send greetings to the members and supporters of St. George's Society of New York on the occasion of the 2021 English Ball. This year's dinner marks the return of a long and happy tradition dating back to the Society's founding in 1770.

Last year marked the Society's 250th anniversary, and while it was not the year anyone anticipated, I am proud to see the Society honouring its legacy of service during such times of crisis. As Patron, I applaud the enthusiasm and compassion of its members, supporters, leadership, and staff as the Society continues its important work.

This evening, the Society will honour three distinguished individuals whose achievements deserve special recognition: Sir Rocco Forte, Paula Kerr-Jarrett and John Shannon. I would like to take this opportunity to congratulate them all on their well-deserved accolades.

Since its beginnings, St. George's Society of New York has maintained its mission to help people in need. This mission has spanned more than 250 years thanks to the unwavering support and vision of the people and partners that comprise it. St. George's Society of New York undoubtedly serves a critical need in the New York Community, and I am pleased to play a part in its growth and success.

Tonight's gala is an important fundraiser. Proceeds raised will directly support our beneficiaries, gifted scholars, and families, and I sincerely thank you for your support. The Duchess of Gloucester and I send our very best wishes for an enjoyable and successful evening.

*Richard*

# OUR WORK

For over 250 years, St. George's Society of New York has aided hundreds of thousands of people in New York. While our charitable giving has evolved, our purpose has remained the same: to help people in need.

## BENEFICIARY PROGRAM

St. George's Society of New York provides financial and quality-of-life support to vulnerable seniors, protecting them from homelessness, poverty, isolation and neglect.

Each year, SGSNY helps more than 100 seniors with housing assistance, home care expenses, medication, utility costs and other basic necessities. Furthermore, our social workers offer much-needed emotional support and counseling, ensuring that our beneficiaries are able to live out their lives with dignity and in the safety of their own homes.

## WEATHERSTONE FAMILIES SUPPORT FUND

St. George's Society of New York provides practical and logistical support to families affected by pediatric cancer traveling to New York for life-saving treatment.

From organizing airport transfers to accompanying families to their first hospital consultation, we provide a much-needed support network while they are far from home during one of their most difficult life moments.

## MEET THE DEEBAS

Like most siblings, Harry and his older sister Isobel know just the right way to annoy one another. Nevertheless, they love each other dearly. In 2018, their bond took on an even greater meaning when Harry was diagnosed with high-risk neuroblastoma, an aggressive form of pediatric cancer.

After a grueling year and a half, Harry completed all of the treatments available to him in the UK. Concerned about the possibility of a relapse, his parents, Carly and Ali, decided to bring him to New York for a clinical trial that would hopefully prevent his cancer from coming back.

When the Deebas arrived, St. George's Society of New York was there: picking them up from JFK, taking them to their first hospital consult, and arranging outings for them on the days they didn't have to be at the hospital. A trip to the local fire station and a dress-up playdate were particularly fun for the whole family.

Determined to keep him on track, the Deebas braved the journey back to New York for Harry's final round of clinical trials this past June. Although we were unable to say goodbye in person, we made sure to send them off with a celebratory cookie cake and the knowledge that they are forever a part of the SGSNY family.

*"Having charities like St. George's Society really help. It makes you feel like you're not alone through this process."*

# SCHOLARSHIP PROGRAM

Now in its thirteenth year, St. George's Society of New York's Scholarship Program provides critical financial aid and professional development opportunities to remarkable students in their final year of undergraduate studies. Since its inception, the Program has awarded more than \$1 million to deserving students who have the ability to succeed but lack the financial means to do so.

SGSNY has served more than 400 scholars—first at Lehman and Hunter Colleges, and now at City University of New York (CUNY) institutions across all five boroughs of New York City. We are a proud supporter of their mission to provide quality and accessible education regardless of background or means.

Our aim is to close the education and opportunity gap for these students, helping them unleash their potential. We know that higher education serves as an engine for social and economic mobility. By removing financial barriers, we can ensure that these high-achieving students can focus on their studies, reach graduation and take the next step towards achieving their professional goals.

## FUND-A-SCHOLAR PLEDGE DRIVE

The Fund-A-Scholar Pledge Drive is a primary source of funding for our Scholarship Program. With your support tonight, St. George's Society of New York will be able to help more students earn their degrees, pursue their careers and fulfill their dreams.

## MEET VICTORIA

As the mother of two young girls, working and studying full-time, Victoria already had a lot on her plate. Nevertheless, she was able to manage family, work and the pursuit of her degree in Social Work at Lehman College—even earning a spot in the Phi Theta Kappa National Honor Society as well as completing internships working with adults with developmental disabilities.

Then COVID-19 happened. Like most parents, Victoria's already demanding schedule was thrown into disarray. She now had to navigate her children's virtual learning as well as her own at a time when her coursework would become even more challenging in her final year. To add insult to injury, she had to cancel a long-awaited summer trip back to Ghana, her home country, to see family and friends.

Her scholarship from St. George's Society of New York was a relief and reinforcement:

*"Last semester was so stressful. I had a two-day internship, a full-time job and course load plus being a mother to two girls. I am so thankful. Because of the scholarship, I was able to cut down some of my work hours and concentrate on my studies and the internship. I received 3 A's and 1 A- in all my classes! The good news is that this is my last semester to graduate."*

Having already been accepted into Lehman's advanced Master's of Social Work Program, Victoria is well on her way to becoming a social worker so that she can "make a difference in the community and to help those often left behind."

**2020 was not the 250th anniversary year we anticipated, but St. George's Society of New York fulfilled its mission to the many it serves. God bless the Society and those who have supported its work.**
